

Nuts about Golf in the tropics?

Premium golf courses, premium weather, incredible hospitality and cool, cool drinks at the end of the day. All with a cooling ocean breeze as you gaze out to sea on your private balcony with your feet up.

No Spikes please on the balconies!

The York Beachfront Holiday Apartments is pleased to introduce our “nuts about golf package” offering discerning golf groups (up to 16 couples) a golfing adventure trip to remember.

You will be collected from the Cairns airport and brought to our beautiful complex just 10 minutes North and settled in to your 4 1/2 star luxury apartment. After you have settled in you are invited to our cool and breezy reception area for get together drinks with your fellow golfers. Beer and wine are included. You will then be presented with your personal *Tropical North Golfing Passport* which includes four games of golf as you will see in detail below on page 2.

Once you have decided what courses you want to play and when, your co-ordinator, who will be one of our staff will arrange all your transport needs to and from. All you need to do then is enjoy and get ready for the welcome dinner at the **Yorkeys Knob Boating Club Driftaways Restaurant** overlooking the world class Marina under cover of the largest sail in North Queensland with staggering views and cool breezes.

The next day is a rest day so we can get your clubs, courses and transport organized. You can chill out and check out the beach and the area, take a short trip to the shops in Cairns or just hang around our awesome pool. At 4.00 it's drinks at reception and a briefing on the next day. Then free time and a good sleep.

Over the rest of the week you can take in your **four** rounds of golf and enjoy the 19th hole at these beautiful courses because YOU have transport back to your unit for dinner of your choosing. We will have a BBQ night and a pizza night for you as well. In the middle we will have a rest day for you where we will send you out on the Great Barrier Reef or a guided full day tour of the Daintree Rain Forrest, whichever you choose. Then it's golf, golf and golf followed by talking about golf and more cold drinks. Then sadly you will be personally transferred to the airport to go home. You will take with you a disc of memorable photo's so you can boast to all your friends and send them mad with envy.

Or you can go “double or nothing” where you play any of the courses you missed out on and maybe the one you enjoyed the best again with another day trip to break things up making for **2 weeks** of golfing mania.

And: don't worry if the partner is not keen on golf, there are so many wonderful attractions right at our doorstep that she or he won't have time to be bored. We can tailor an individual package for them when they arrive and discuss it with our co-ordinator. The best beach in the Cairns region is just outside our door and we are centrally located for everything that goes on in the Cairns area including the famous Casino and shopping precinct in Cairns Central.

We might even be able to combine **2 great athletic sports for you, golfing and fishing**, we are located in the centre of one of the worlds' greatest sport fishing regions and can guarantee you will catch fish that we can cook for you to enjoy or package to go home. That is what your co-ordinator will be there for, to make sure your trip is the best you will ever have and the first of many at Yorkeys Knob.

Tropical North Queensland Golf Clubs involved in the Golf Passport include

Championship Courses: Sea Temple Golf Club, Port Douglas (formerly The Links), Sheraton Mirage (Pt Douglas), Paradise Palms Golf Course (Kewarra Beach). a motorised buggy is included at these courses.

Public Courses: Half Moon Bay Golf Club (Yorkeys Knob Beach), Mareeba Golf Club (with kangaroos on the course) and Cairns Golf Club.

All participating golf clubs are within an hour's drive of each other, and each offers a remarkably different playing experience.

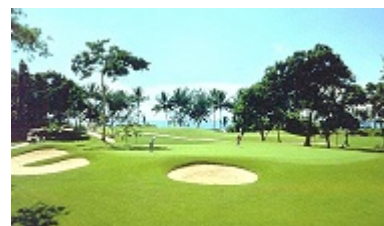

The Golf Passport includes four games of golf. Two rounds at any of the championship courses included in the passport in the region, and 2 rounds at any of the public courses in the area. If you require a personalised passport this can certainly be arranged.
